

## QUILTS OF VALOR 2020 BLOCK DRIVE – Disappearing Nine Patch Base

The RWB Bee invites you to join us in making these simple blocks.

### **Please make each block as follows –**

Place the single RED square in the center, with four matching PATRIOTIC colors in the outer four corners, and a set of four WHITE squares surrounding the red center square.

If you received a kit, squares are 4½”, and the final block is 12½” as sewn. Follow these same guidelines if you are using your own fabric.

To assemble, use a SCANT ¼” seam. When three squares are sewn together, measure the width of the center block in the row.

It should be 4” wide between the seams and the three squares sewn in a row should be 12½”. The finished block will be 12½” as sewn.

Because many hands will work on the blocks, we ask that the blocks measure 12½” as sewn. Please adjust as needed.

Thank you for your time & donation.
